### **taking medication?**

We recommend checking with your healthcare professional before taking Bod•ē Happy. If you are pregnant or nursing, or have a medical condition, consult your healthcare professional before consuming this product. Not recommended for children under 18 years old, or those with allergic reactions.

### **Does Bod•ē Happy contain any restricted substances, narcotics or alcohol?**

No, Bod•ē Pro products do not contain any restricted substances, narcotics or alcohol.

## FREQUENTLY ASKED QUESTIONS:

### **Why should I take Bod•ē Happy?**

Bod•ē Happy may be the right choice for you if you are seeking a supplement that contributes to healthy maintenance.

### **Can I take Bod•ē Happy daily?**

Yes, the product can be consumed daily, as directed on the product label.

### **Where does the caffeine content in Bod•ē Happy come from?**

Bod•ē Happy yields the equivalent of 125 mgs of natural caffeine. The caffeine is naturally-derived from the coffee bean and is equivalent to about one and a half cups of coffee. We chose to use this source of caffeine since it is a naturally-derived ingredient that is most compatible with the formula and great flavor of Bod•ē Happy.

### **How is Bod•ē Happy manufactured?**

Bod•ē Happy is made at a facility that meets US FDA manufacturing standards called Good Manufacturing Practices. This ensures our product meets the highest quality possible.

### **Will Bod•ē Happy make me jittery? Is caffeine bad for me?**

Although caffeine helps to refresh, according to the recommendations of the Ministry of Health and Welfare, the daily caffeine intake per person is not more than 300mg. It is not suitable for excessive intake, especially for caffeine.

### **What is the sweetener used in Bod•ē Happy and why did you choose those sources?**

Individuals who would prefer a natural sweetener will love the Bod•ē Happy, which is sweetened with a blend of natural honey powder and stevia. After extensive research and testing during the product development phase, natural honey powder and stevia were chosen as the best sweeteners for this product. Many of the other sweeteners did not meet our criteria for compatibility with the Happy formulation. The inclusion of premium ingredients, formula and flavor in the Bod•ē Pro products are our highest priorities.

### **Can I take Bod•ē Happy if I have a health condition or am**
